THE TEST

How do you direct your energy?

E

You prefer to direct your energy to study ideas, information, explanations or beliefs.

I

You prefer to direct your energy to deal with people, things and situations.

How do you process information?

S

You prefer to deal with facts, what you know, to have clarity. You are a realist in the here and now. For you the force is a tool - a fission screwdriver!

N

You prefer to deal with ideas, look into the unknown, to generate new possibilities or to anticipate what isn't obvious. You seek the nature of the force.

How do you make decisions?

T

You prefer to decide on the basis of logic, using an analytical and detached approach.

F

You prefer to decide on values and/or personal beliefs.

How do you organise your life?

J

You prefer your life to be planned in a stable and organised way.

P

You prefer to go with the flow, to maintain flexibility and respond to event.
